WFI's Engineered MultiPly Designer Collection

A UNIQUE FLOORING FORMAT FROM WFI !

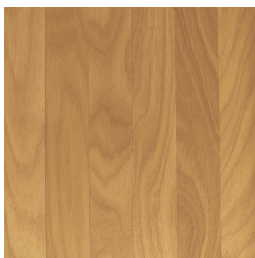

WFI is pleased to introduce our engineered MultiPly Designer Collection flooring format. We invite your inquiries on how to become the exclusive distributor in your geographic market.

MultiPly Designer Collection is offered 3/8" thick by 3" wide and is supplied in random lengths 12" – 48" long.

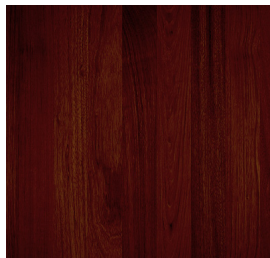

Construction is an engineered 5-Ply multiply style with a 1.2mm thick, rotary peeled wear layer, bonded to 3 crossbanded internal plies backed with a like density veneer backing layer.

The MultiPly Designer Collection is milled with Ultra MicroEased edges and square ends, and is pre-finished with one of the hardest wearing finishes on the market today. WFI offers the MultiPly Designer Collection in 4 unique choices:
